

# The West Australian

**Tuesday December 15, 2020**

**Read the feature topic on holiday in WA in today's ED! Magazine and complete some of the activities below.**

- List five indoor and five outdoor holiday destinations or activities listed in the article.

- What would your ideal school holidays in WA look like? Create a plan and tell others about it.
- Use Google maps to find out the travelling distance from your home to five of the places mentioned in the article.

- Fishing is a popular holiday activity. Find out what fish can be caught in the ocean, river or lake that is close to where you live.
- Find out how you could get to the Perth CBD from your suburb, and plan a day's worth of free activities that families could do while there.

- Of all the WA summer holiday ideas mentioned in the article, which would you like to do most and which one interests you least? Give reasons for your answer.

- Make an 'If you are bored' jar as a gift for a friend. Decorate an empty box or jar. Then, brainstorm a list of free fun activities that can be done at home (eg. make icy poles, construct a kite, etc). Write each idea on a separate piece of paper, fold each piece and pop it in the jar for your friend to pull out when they need some inspiration for what to do during the holidays.
- Select two of the photos in the article and add text to turn them into a meme.

- Look through today's copy of *The West Australian* to see if there are any stories or advertisements relating to WA holiday destinations or activities. Are there any that were not included in the *ED!* feature?
